The Milton Keynes Mix

A unique region's blend

Coming to Milton Keynes

A new life in a new city

'Coming to the United Kingdom has been one of the best experiences in my life. My family and I had never experienced winter before, nor had we seen snow in our entire lives. Living in Milton Keynes has given me the opportunity to meet many people from different backgrounds, know their way of living and learn about their different cultures. It has also given me an opportunity to contribute to the community, of sharing the Akamba tribe from Kenya way of living.'

Margaret Mulwa from Kenya

'I like it here in Milton Keynes, you know when you get that buzz when a place is coming up. It is a city, but there are so many trees - it is

really a country city if you know what I mean. I think that it is going to be really nice place to live and it is going to get better - you can tell it is a growing city.'

Hazel Bancroft from Zimbabwe

'I moved to Milton Keynes in 2002 when I got a job at Milton Keynes Council. This is a very beautiful city and I enjoy living in such a clean, planned, green, and modern city. By coincidence I was born in Char Gombay, Tanzania (Swahili meaning four cows), and I have come a full circle to the city of the infamous Concrete Cows.'

Maryam Karim from Tanzania
