

## Carnival

Inter-Action MK has pioneered carnival arts in Milton Keynes, gathering knowledge and skills from the Luton Carnival organisers and the Kings of Caribbean carnival in Trinidad.

Gigante figures from traditional Spanish festivals and celebrations found their way into The Old Rectory with local artists learning the skills from experts.

Participation in the City Spectacular and Woughton Carnival enabled local artists to gain experience in forming themed walking groups with schoolchildren from all over Milton Keynes.

From 2002 to 2005, Inter-Action MK was contracted to organise West Bletchley Carnivals on behalf of the new local council. This became a hugely successful annual community event attracting many thousands.
